

SAI Token Whitepaper v0.2.0

SAI is the native token of SideShift AI.

Facts

- 210 million SAI tokens have been minted and no more will be minted
- Affiliate rewards are paid using SAI (currently 50% of SideShift AI's revenue)
- The SAI token is stored on ERC20, SLP, and Blockstream Liquid (coming soon) at the same time

Ethereum Smart Contract

- Type: ERC20
- Network: Ethereum (mainnet)
- Address: 0xf5b403abd806eff15b339909943e2c22ecbac54c
- Decimals: 18
- Symbol: SAI
- Name: Sai

Bitcoin Cash SLP Token

- Token ID/creation transaction:
7853218e23fdabb103b4bccbe6e987da8974c7bc775b7e7e64722292ac53627f
- Decimals: 8
- Symbol: SAI
- Name: Sai

Blockstream Liquid Token

Coming soon!

Where is SAI listed?

SideShift AI is working with exchanges to list the SAI token.

- Coinflex (coming soon!)

Until the token is listed on exchanges, a limited amount of SAI can be bought directly on SideShift AI by shifting from any key to SAI. The price is currently set to \$0.05/SAI.

What gives SAI value?

The financial goal of SideShift AI is to increase the value of the SAI token. Likely measures will include:

- Paying affiliate rewards using SAI
- “Buy-and-burn” of SAI using SideShift AI’s profits
- Trade driven release of SAI, where takers of exchange orders are rewarded with SAI
- Rebates when using SAI to pay fees
- Discounts when paying with SAI at merchant checkout
- Paying employees, contractors, service providers, and partners in SAI
